

partner of choice

Ackerman Security Systems Selects Honeywell

Active in over 110 countries with a 100+ year history, the mission of the Salvation Army is Doing The Most Goodsm for the communities they serve. When the officers in Atlanta, GA were looking for a company to supply a life safety system for their Southern States headquarters and 50 residences, they put their trust in Ackerman Security Systems. By selecting Honeywell as their Partner of Choice, Ackerman Security Systems was able to provide a turnkey system to include video, access, intrusion and fire. Ackerman Security Systems' UL approved central station ensured that the headquarters was protected 24/7, proving that Honeywell and Ackerman Security Systems are Doing The Most Good for this international, religious and charitable organization.
