

unlock potential...

...and throw away the keys!

With Pro-Watch 4.2, state-of-the-art access control is available at the most affordable price yet! With an enhanced lockset and biometric portfolio, it offers numerous reader options to meet specific security needs. With fewer wires and reduced costs, customers can now employ access control in areas that were once considered difficult, or even impossible! Plus, Pro-Watch 4.2 delivers enhanced biometric integration options that are easy to use, and provide fast, reliable and secure access points. You can finally throw away the

keys and start enjoying the benefits of a robust access control management system.

Unlock potential, and lock in the savings!
